ORDER NO.

**2019-685**

**THIS DIRECTIVE SHALL SERVE AS THE COMMISSION'S ORDER ON THIS ISSUE.**

**SUBJECT:**

DOCKET NO. 2016-29-WS - Application of Harbor Island Utilities, Incorporated for Approval of a New Schedule of Rates and Charges for Water and Sewer Service on Harbor Island, Beaufort County - Staff Presents for Commission Consideration Harbor Island Utilities, Incorporated's Letter Requesting Definition of Service Area.

**COMMISSION ACTION:**

Harbor Island Utilities provides water and sewer service to customers on Harbor Island, South Carolina and is requesting that the Commission clarify whether its territory for sewer service includes potential customers outside the gated community. The utility states that it is the only entity capable of providing sewer service to anyone on Harbor Island, and it has adequate capacity for the businesses and residences along US Highway 21. The utility further states it is only proposing that its wastewater system be available for those wishing to tie on and that there is no requirement to use their facilities. An updated service map has been provided.

Fripp Island Public Service District does not oppose the clarification of the sewer service area. Fripp Island Public Service District currently possesses the right to provide water service to businesses and residences located on Harbor Island along Highway 21, but since Harbor Island Utilities would provide only sewer service, there would be no conflict between the two providers.

Office of Regulatory Staff recommends approval.

I move we clarify that Harbor Island Utilities' sewer service area includes parts of Harbor Island as delineated in the updated service maps provided on September 23, 2019. It is not restricted to the gated community. Those outside of the Harbor Island gated subdivision may, but will not be required to, tie on to the Harbor Island Utilities sewer system, if they wish to do so.
